DBB BASEBALL, INC.

DBB Baseball is primarily a youth baseball program for boys (13-14) playing on a medium sized diamond to meet the physical development of growing boys. The main purpose of this program is to provide a recreation outlet for as many boys as possible, with emphasis being on local league play rather than tournament play.

The incorporators of this program were the members of the Alexandria, Louisiana Youth Baseball Association, and it was their objective to make available an organized baseball program for boys graduating from other youth baseball groups. It permits these boys to continue in a supervised athletic program competing with boys of their own age and ability.

Leagues affiliating themselves with this program must comply with a basic set of rules and regulations as outlined in this book, but league officials will have absolute autonomy on certain provisions as indicated below.

Playing games at night, interlocking schedule, exhibition games, double or single elimination tournaments and matters concerning player selection system will be the responsibility of the individual leagues involved, however, whatever system is used shall be under the direction of a "Player Agent" who shall see that all teams have an equal opportunity in the selection of players.

While emphasis will be on local league play there will be district tournaments, state tournaments, regionals and a world series for leagues wishing to participate following the close of the regular season.

All officers will serve without pay. Proceeds from the franchise fee per team will be used to defray expenses of promoting the program.

The program will be governed by a Board of Directors elected from the representatives of the leagues, with the various states being represented by Assistant State Directors and State Directors. The Board of Directors will elect the corporate officers.

In the summer of 1973, the Board of Directors of DBB, feeling a need to establish a program for its graduates, established DBB Majors Baseball for boys 15, 16, and 17 years of age playing on a regulation sized field. In 1977 the ages were changed to 15, 16, 17 and 18. Today league age 19 year olds are allowed to participate.

DBB Pre-Majors is a Division of DBB Majors Baseball for boys of age 15, 16, and 17.

DBB has an agreement with Diamond Youth Baseball, Inc. (DYB), as of October 25, 1975. It suggests that each state organize a baseball organization consisting of representatives from youth, boys, and softball. These state organizations will coordinate and cooperate in the advancement of all three programs.

DBB encourages the training and certification of volunteer coaches. DBB is Pitch Smart Compliant.

Operational and Non-Operational Control by DBB for the Purpose of Liability

1. As concerns all pre-season activities; regular season; intra-league tournaments; and all other league activities; DBB shall have no operational control responsibility over the following:

(a) Premises—including, but not limited to, playing fields, practice fields, player dugouts, spectator areas, concession areas, parking lots, adjoining areas, and player or spectator entertainment areas whether on site or off site.

(b) Activities—including, but not limited to, preseason and off-season meetings and preparation, “implementation of a child abuse/molestation risk management program”, player registration tryouts, practices, games, intra-league tournaments, fundraising activities, banquets, team or league outings and all other activities that are team or league approved and travel to and from the above.

(c) Actions—including all actions (including inactions) and decisions on a league or team level that are initiated by league or team officials, directors, administrators or volunteers, including the selection of volunteers and league security.

2. As concerns sanctioned all-star tournaments including subdistrict, district, area, regional, state, and world series, DBB shall have no operational control or responsibility over the following:

(a) Premises—including, but not limited to, practice areas, spectator areas, concession areas, player accommodations, and player or spectator entertainment areas whether on site or off site.

(b) Activities—including, but not limited to, activities within housing, player or spectator entertainment on site or off site, outings, and travel to and from the above.

(c) Actions—including all actions (including inactions) or decisions initiated by the tournament host or by team volunteers or employees, including the selection of volunteers and tournament security.

3. (a) DBB, has operational control and responsibility only to the extent of requiring that any violation of official rules and regulations be corrected in accordance with the official rules and regulations.

(b) DBB, has joint operational control and responsibility with the tournament host over all game playing fields and dugout areas for all-star tournaments including subdistrict, district, area, regional, state and world series.

4. DBB is primarily an “all-volunteer” organization with limited resources, it is not responsible for taking affirmative action to police all premises, activities, and actions for compliance with the official rules and regulations, except as outlined under 3.

(b) above. However, DBB will make best efforts to enforce all such official rules and regulations once a violation has been brought to its attention.

JUNE 15: Absolute Deadline to Franchise Teams

**DBB is a
PitchSmart Compliant organization!**

For more information about the PitchSmart program,
visit <https://mlb.com/pitch-smart>

The rules appearing in this rule book are specific rules adopted by the Board of Directors of Boys/Majors Baseball (DBB). For all other rules refer to the official playing rules of the National Federation of High Schools as found in their latest edition. The Commissioner of DBB is the only officer that can interpret playing rules.

REGULATIONS

These regulations govern the conduct and operation of franchised DBB/DBB Majors leagues. All rules shall apply to both DBB and DBB Majors unless specifically denoted as applying to only one program by the addition of a “DB” for Boys or a “DM” for Majors following the rule number, i.e.

Rule 1.01 would apply to both programs

Rule 1.01DB would apply to Boys only

Rule 1.01DM would apply to 15U and Majors only

THE INTENT OF SOME RULES HAS BEEN ADDED TO ASSIST OFFICIALS IN SETTLING PROTESTS.

—THE LEAGUE AND LEAGUE ORGANIZATION—

0.01 The league shall be the smallest unit of organization and shall be governed by those active in the program who make up the managing personnel, such as elected officers, executive committee, team managers, volunteer umpires, sponsors and player agents, serving as the volunteer operating personnel. The community aspect of the program should be the goal and be maintained.

0.02 A league shall be composed of not less than two (2) teams or more than ten (10) teams depending upon conditions within a particular community. EXCEPTION: The State Director can approve a one team league on a one-year basis if recommended by the District Director following a complete investigation which determines that not enough qualified candidates are available for more teams.

0.03 New leagues franchising in the territory of any existing league must have the approval of the district and state director and the concurrence of the DBB Commissioner. The state director shall decide territory and player distribution. Territory redistribution disputes are appealed to the National Board.

0.04 A franchise fee will be assessed on a yearly basis and will be determined

by the National Board of Directors. The franchise deadline is May 15 of each year.

0.05 Each league or group of leagues shall adopt a set of rules and regulations for the league or leagues, subject to the approval of the State Director.

0.06 In communities having two or more leagues, it may be advisable to have one set of officers and adopt the same rules and regulations. This, however, is optional and will be determined by the various leagues. The operation of more than one league with the same officers must be agreed upon by the managers of the various leagues.

0.07 The franchise certificate is issued annually to each league by the Commissioner, subject to the following conditions. (1) The Commissioner shall have the authority to withdraw or refuse membership for just cause, and shall give written notice to the presiding officers of the league as indicated by the current franchise application on file. (2) The league franchise does not imply that in future seasons a new league cannot make application for operation within a portion of the present boundaries of the league, but only that no other league shall be permitted to operate within the boundaries established for the current season. (3) The league franchise expires at the conclusion of the actual play of the season for which it has been granted and is subject to renewal upon application and re-examination of the following year.

0.08 Leagues are required to adopt and carry out policies for the prevention of serious infectious diseases. This policy will be included in the materials sent to each league and is provided to greatly reduce the possibility of any transmission of a blood-borne pathogen such as Hepatitis B or HIV, if the individual who is bleeding has such a disease. Participants removed from games under this policy are subject to the regular substitution rules of DBB.

— **BOUNDARIES** —

0.11 League boundaries shall be determined by the officers and executive committee of the league, but are subject to annual approval by the district and state director.

0.12 A map clearly indicating the current boundaries of the league shall be on file with the State Director and District Director and shall be replaced upon request.

(a) Unless specifically stated otherwise, the center of the street shall be considered the actual dividing line when streets are used as boundaries.

(b) Maps must indicate specific boundaries, such as streets, railroad tracks, etc., or school districts, postal zones, city limits, or similarly specified areas. A

definition of boundaries such as “five mile radius” or power lines is not acceptable.

0.13 The district director, based upon the recommendations of the state director, reserves the right to adjust boundaries in the event of overlapping of territorial request or because of inequitable conditions.

(a) Though boundaries are not specifically restricted by population or area, both will be considered when boundaries are submitted to the district director for approval.

0.14 Boundaries for DBB, 15U Division, Pre-Majors, and Majors need not be identical.

0.15 Two or more leagues may operate within the same boundary, but all managers must have equal opportunity in the selection of players, i.e. an equitable system of rotating all teams through a single draft process to assign players to teams. This regulation specifically disallows teams in League A selecting players before League B, League C, etc., select any players. Also disallowed is any program that registers a select team or league, thereby leaving the remainder of players to play in their local recreation program. Failure to meet the “Equal Opportunity” requirement in the selection of players allows a league to gain unfair advantage over other leagues. Violation of this rule could result in forfeiture of tournament rights or loss of franchise.

0.16 The BOARD OF DIRECTORS OF DBB reserves the right to continue any player:

(a) Whose residence changes after becoming a member of the league.

(b) Who lives outside of the league’s boundaries because of a revision of such boundaries even if the boy then resides in the territory of another league.

—TEAMS—

0.21 Each team may consist of a maximum of 16 uniformed players in DBB and a maximum of 18 uniformed players in Majors with a maximum of 4 coaches. All players shall be registered with the league president not later than 5 days prior to the first regularly schedule game of the league season.

0.22DB It is recommended that no team have on its roster more than eight (8) players of league age, fourteen (14) years, unless approved by the District Director or State Director. There is no limit on the number of 13-year-olds on a team roster.

0.22DM Local leagues shall have the option to form their local leagues regular season roster as they see fit; composed of any eligible league age player. All teams must have an equal opportunity in the selection of players with an exception granted for

those players that are part of a single High School team.

0.23 Complete playing rosters (including dates of birth) shall be mailed prior to league's first scheduled game, to the District Director and State Director and a copy retained by the local league president.

0.25 Each team must provide a tournament team picture.

—LEGAL PLAYERS—

0.31DB Any player whose thirteenth birthday falls before May 1 of the current year and any boy whose fifteenth birthday falls on or after May 1 of the current year is eligible to compete and complete the current DBB season. A local league has the option of allowing a 12 year old (league age) to participate in DBB.

0.31DM Any boy whose fifteenth birthday falls before May 1 of the current year and any boys whose nineteenth birthday falls on or after August 1 of the previous calendar year is eligible to compete in and complete the current Majors Baseball season. Also any boy who plays baseball for his school and whose fourteenth birthday falls before May 1st of the current year is eligible to compete in and complete the current Majors Baseball season. Any eligible boy whose fourteenth birthday falls before May 1st of the current year and any boy whose eighteenth birthday falls on or after May 1st of the current year shall be eligible to compete in and complete the current Pre-Majors baseball season. As such, any player seventeen and under is eligible to compete in and complete the current Pre-Majors season; including tournament play! No player under league age 14 may participate in Pre-Majors/Majors leagues.

0.32 Birth Certificates are defined as being official registrations of birth issued by the state. Also approved are: Photo copies of the official registration, baptismal certificates, hospital certificates, military identification cards and valid driver's licenses. Date of birth of all players shall be submitted to the local league official prior to the league's first regularly scheduled game. Each state shall adopt a standard birth certificate record which will be used for all ages. Responsibility for verification will be at the District and State Director levels.

0.33 Only players of proper age whose residence, as determined by the residence of their parents or legal guardians, is within the approved league boundaries shall be considered "LEGAL" players for league and tournament competition except when exempt by other rules. Immediately upon the discovery by a league that it has a player registered who is the property of another league as shown in Rule 0.35, the improperly registered player shall be directed to the proper league for any further participation in DBB or Majors baseball.

0.33 DM: To be eligible for DBB Majors Baseball, a college-age participant must return to the last bona fide residence of his parents or legal guardians. If a program isn't offered, a player can participate under the regulations as found in Rule 0:37.

0.34 Players must reside within the boundaries of the league. "Reside" means bona fide continuous habitation and not merely establishment of a legal address of voting residence except in those cases specified in 0.37.

0.34 DB: A school-based DBB team can be formed as long as it is a separate, one-team franchise. The school-based DBB team has the option of playing on a regulation field during the season.

0.34 DM: A DBB Pre Majors and Majors franchise can be granted and a school-based team formed as long as all players on a submitted league roster attended a specific school system during a current year. Eligibility status of player & coach shall be in accordance with prevailing rules of the State High School Athletic Association of the state in which the player lives. The franchise must have the approval of the State Director.

0.35 No player who resides in a franchised league's territory shall be allowed to participate in another league's program. Any player in violation of this rule will be ineligible for all tournament play. Any league in violation of this rule can be declared ineligible for tournament play and local league play by the Commissioner.

0.36 Any player, after becoming a legal player in a league, as defined in Rule 0.33, remains the property of that league as long as he remains eligible by age.

0.37 A player having no place to play in the area he and his parents or legal guardians reside is eligible to participate in DBB in the nearest franchised area. He may not "cross-over" any franchised area. An exception letter is to be filed with the State Director prior to the start of the regular season by league officials for any player participating in a franchised program in which he does not live explaining why he is playing in that franchise.

—SELECTION OF PLAYERS—

0.41 Each league shall determine its own system of selection. The system used shall be under the direction of a "player agent" who shall see that all teams have an equal opportunity in the selection of players. Much care should be taken in the selection. DBB will furnish suggested player selection systems upon request.

0.42 A boy who does not register in time to participate in the selection system will be ineligible to participate unless he is sick or injured (confirmed by a notarized doctor's affidavit) or was a new permanent resident of the community. Boys who become new residents following the selection of players may be

assigned to a team provided the player agent gives his approval and the league president gives his written consent. Any boy who applies after registration has closed may be accepted if approved by the player agent and the league president gives his consent and if a vacancy exists on a team roster. Managers may not drop players in order to sign a new player. A violation of this rule will make the player ineligible for tournament play and local league play.

0.43 Boys (13–14)-Majors (15–19) players may participate in other amateur baseball programs, subject to local league approval. It is important that dual participation will not in any way interfere with a player's responsibility to DBB and Majors Baseball. The intent of dual participation is to provide opportunities for individual players to participate in other organized programs. The intent is not to pre-select all-star teams or opportunities for only a select group to participate on a travel team. No player, under any circumstances, shall be permitted to play on another amateur team during DBB/Majors tournament play. A player is allowed to play with another amateur team between DBB/Majors tournaments, should their all-star team advance. Clarification of Commissioner: A team is considered as being actively involved in DBB/Majors tournament play at the time of the first pitch of the tournament of which the team is entered (i.e. district, regional, zone, state, World Series). Prior to any player or team participating in any play outside of DBB it is advisable to first consult with the appropriate DBB/Majors State Director. Failure to adhere to the rule could result in a player or a team being declared ineligible for further tournament participation.

0.44 A franchised Majors League (15 through 19), at the conclusion of its local league, may choose to select a Pre-Majors (15, 16 and 17) tournament team and/or Majors tournament team for tournament play. Leagues may franchise a Pre-Majors (15, 16 and 17) league or Majors (15 through 19) league, if they choose to do so.

0:45 A franchised 15U team/league at the conclusion of their regular season, may select a tournament team. Participants in the 15U Division are allowed to dual participate as a member of a Pre-Majors tournament team or a DBB tournament team as long as the playing dates are not in conflict! Clarification: No player is allowed to play both DBB and Majors Baseball within the same season.

—THE SCHEDULE—

0.51 It is recommended that all teams play a minimum schedule of fourteen (14) games per team per season, preferably at the rate of two (2) games per week per team.

0.51 DM An accepted franchise form, with all fees paid; must be on file in the National Office.

0.52 Exhibition games are permitted but all pitching rules must be followed and permission granted by the league president or his delegated authority.

0.53 Under no condition can league officers set up a schedule of games which would require a team to play more than two (2) games in one day.

—TEAM SPONSORS—

0.61 DBB and Majors Baseball teams should be sponsored by those organizations, firms, or companies whose activities or products are not detrimental to the welfare of youths. Specifically, no firm or company whose advertising reflects the sale of alcoholic beverages or tobacco products shall be permitted to sponsor, either locally or nationally, the DBB and Majors Baseball or be permitted to display any form of such advertising in connection with the program.

—MISCELLANEOUS—

0.71 No player, coach, manager, umpire, or DBB official is allowed to smoke, dip, or use any tobacco product while practicing, playing, or participating in the DBB/Majors program.

—PENALTIES—

0.81(a) Violation of rules or general failure of the league to comply with the concept of league organization and boundaries as defined in these Rules and Regulations may result in refusal to accept the league membership application, or the revoking of the membership status of the league if the violation occurs after membership for the current season has been granted.

(b) Penalty for use of illegal players shall be forfeiture of games in which illegal players participated, provided such games are protested by any of the league managers in writing to the league president within 48 hours of the game in question. The league president shall give his answer within seven (7) days from the date he received the protest.

(1) An illegal player is one who is not legally a member of the league because the player does not meet the requirements as to age and/or residency.

(c) Penalty for the use of an ineligible player shall be immediate removal from the lineup upon discovery, provided the official scorebook or other league records verify the ineligibility of the player concerned. Such a player also becomes ineligible to play in the team's next game (ineligible pitcher cannot pitch in the next game he is eligible to pitch in and the manager will be ineligible to participate in the team's next game).

(1) An ineligible player is one who is legally a member of the league, but who is ineligible to play or to pitch in a particular game or games because of the limitations set forth in these Rules and Regulations, or as the result of a previous rules violation or disciplinary action.

(2) For purposes of interpreting this rule, a player shall not be considered in violation of the rules until at least one pitch has been thrown after the point of violation.

(3) In the event the manager of an ineligible player refuses to remove player from the lineup (pitcher from the mound) when the appeal is made, and verified, the game is subject to forfeit.

(d) Illegal equipment shall be removed from the game.

(1) Players are not permitted to use an illegal headgear even if no other headgear is available. When proper headgear is not available, the game shall be delayed until the equipment can be obtained, or postponed and rescheduled by the league officers.

(2) Penalty for use of illegal shoes shall be removal of the shoes from the game, and, if no other legal footwear is available, removal of the affected player or players from the lineup.

(3) Players who do not wear complete conventional uniforms, protective headgear and catching equipment as required by these rules, shall be removed from the lineup.

(4) Players who intentionally in the judgment of the umpire discard their protective headgear while batting or running the bases, shall be removed from the lineup after completion of the play in progress at the time the violation occurs. Such action does not constitute an out, and such players are to be replaced as a batter or base-runner, if appropriate.

(e) Pitchers in violation of any of the pitching rules shall be considered ineligible players, subject to the penalties stated for use of an ineligible player in this rule.

—PROTESTS—

0.91(a) A protest based on a play which involves an umpire's judgment is not permitted.

(b) When protests are based on an interpretation of the rules, the objecting manager must, at the time the play occurs, notify the head umpire that the game is being played under protest, and submit the protest in writing to the league president or secretary, or to the Decisions Committee, within 48 hours of the completion of the game.

(1) When protests based on the interpretation of a rule are upheld by the Decisions Committee, the game concerned shall be replayed from the point of protest.

(2) Umpires should make a public announcement to the crowd when a game is being played under protest. Umpire shall notify the official scorekeeper and opposing manager of protest.

(c) Any team manager, coach, or other adult leader who withdraws a team from the playing field under any circumstances prior to the official completion of the game shall forfeit all rights to protests as prescribed in this section.

DBB OFFICIAL PLAYING RULES

—1.00—OBJECTIVES OF THE GAME—

1.01—DBB is a game between two teams of nine players each, (ages thirteen through nineteen), under direction of a manager, played on a regulation DBB playing field in accordance with these rules, under jurisdiction of one or more umpires.

1.02—The objective of each team is to win by scoring more runs than the opponent.

1.03—The winner of the game shall be that team which shall have scored, in accordance with rules, the greater number of runs at the conclusion of a regulation game.

NOTE: The official playing rules, with the exceptions and variations contained in this book, shall be the Rules of current year of the National Federation of High School Baseball.

—THE PLAYING FIELD—

1.04—Only regulation DBB and Majors playing fields as described in the “Official Playing Rules” for DBB and Majors Baseball will be considered as sites for tournament competition. The only exception to this rule is in tournament competition where leagues, by mutual agreement, decide upon a playing field in order to reduce travel problems. In any such case approval must be given by Tournament Director or his representative.

1.04DB—The playing field shall be laid out according to the instructions below, supplemented by Diagrams and legends available from the Commissioner’s Office.

LOCAL LEAGUE OPTION: THE PLAYING FIELD. The field shall be laid out according to the official playing rules of National Federation of High Schools.

(a) Baselines shall be eighty feet (80').

(b) The distance from the front side of the pitching slab to the point of home plate shall be fifty-four feet (54').

(c) The batter’s box shall be rectangular, four by six feet (4'x6'), centered to the home plate, the inside line being 6 inches from the side of home plate. Coaches’ boxes shall be ten feet by twenty feet (10' x 20') and located ten feet from the foul lines.

(d) Home plate, the pitchers’ rubber and the bases shall be the official size used in regulation baseball. The use of safety bases with safety features such as those with tapered sides and those that release upon sufficient impact of the double bag at first base are allowed.

(e) The pitchers’ mound shall be raised gradually to an elevation of 6 inches (6") above the level of home plate and the base paths. Portable pitching mounds meeting the correct size requirements are also approved.

(f) The recommended distance for a fence shall be 300 feet from home plate. A minimum home run distance of 275 feet is recommended to a four-foot barrier when possible. However, when field conditions make this impossible, shorter distances to the fence may be permitted. If it is necessary to set the home run barrier closer than 300 feet from home plate it is recommended that the barrier be made as high as necessary to compensate for the lost distance. The State Director can grant exceptions.

(g) There shall be a restraining line located along the first base line beginning forty feet (40') from home plate and extending three feet beyond the first and second base line.

(h) The official distance from home plate to the backstop shall be forty feet

(40'), with a maximum distance of sixty feet (60') and a minimum distance of twenty feet (20') permitted for tournament site fields.

(i) All lines on the playing field shall be marked with a material which is not injurious to the eyes or skin. Lime or caustic material of any kind is prohibited.

1.04DM & 15U—THE PLAYING FIELD. The field shall be laid out according to the official playing rules of National Federation of High Schools.

—EQUIPMENT—

1:09—The ball must meet the full manufacturing specifications of DBB. The ball shall weigh not less than five ounces (5 oz.) nor more than five and one-fourth ounces (5 $\frac{1}{4}$ oz.) avoirdupois. It shall measure not less than nine inches (9") nor more than nine and one-fourth inches (9 $\frac{1}{4}$ ") in circumference. Leather covered balls will be approved for all levels of play. Balls with other covers will be restricted to LOCAL LEAGUE PLAY ONLY and be so marked. Ball meeting DBB manufacturing specifications must bear the signature of the Commissioner.

1:10—Bats must be manufactured meeting specifications as determined by DBB.

(A) No laminated bat or experimental bats shall be used in a DBB/Majors game (either championship season or exhibition games) until the manufacturer has secured approval from the Commissioner.

(B) Cupped Bats. An indentation in the end of the bat up to one inch in depth is permitted and may be no wider than two inches and no less than one inch in diameter. The indentation must be curved with no foreign substance added.

(C) The bat handle, for not more than 18 inches from its end, may be covered or treated with any material or substance to improve the grip. Any such material or substance, which extends past the 18 inch limitation, shall cause the bat to be removed from the game.

(D) Wooden, metal, or graphite bats with a 2 $\frac{5}{8}$ inch barrel diameter are required for play. Bats must meet approved bat performances standards.

DB/15U: Bats used in DB/15U regular season and/or tournament play must be 2 $\frac{5}{8}$ " and shall be certified USABat with the designation legible on the bat. A list of approved bats can be obtained at <https://usabat.com>. Note: Additional bats approved for play are BBCOR .50 and a wood bat that meets the standards found in 1:11(D).

DM. BBCOR .50 and a wood bat that meets the standard found in 1:11(D) are the only approved bats for Pre-Majors & Majors play.

(E) Any player found to have used a bat that has been altered (shaved, rolled,

etc.) will be immediately disqualified from further play and is subject to permanent dismissal from the program.

(F) Any player found to have used a non-compliant bat will be declared out once he assumes a position in the batter's box. The coach is also subject to ejection for the infraction!

1.11— It is mandatory that all players be attired in matching uniforms composed of shirt with numbers, pants, caps, socks and baseball shoes. Managers and coaches must wear apparel in accordance with the rules as outlined for a particular division in league and tournament play. **Cargo shorts are not allowed.** All participants are required to wear the “DBB/Majors shoulder emblem” on their left uniform sleeve. Note: For local league play only: a “screened or heat press” emblem is permissible.

1:11(b)—Shoes with metal cleats are approved for all divisions.

1.12—The catcher may wear a catcher's mitt of any shape, size or weight consistent with protecting the hand.

1.16(DB)—It is mandatory that batters and base runners wear helmets that carry the NOCSAE Stamp of Approval. Use of a facial protection device is optional for both local league and tournament play. If a facial protection device is used, it must provide full-face coverage which will include, but not be limited to, protection for the eyes, nose, mouth and teeth, jaws and cheekbones, and forehead and temple area. The unit should be able to stand up to an impact of up to 100 mph.

1.16(DM)—It is mandatory that batters and base runners wear helmets that carry the NOCSAE Stamp of Approval.

1.17—All other equipment that is used in the DBB program such as gloves, hats, uniforms, shoes and umpire's equipment shall be the choice of the local league.

1.90—It is mandatory that the catcher wear a protective cup, and a protective catcher's helmet with a throat protector providing the utmost in protection. (Throat protector may be the one manufactured on the mask or the hard plastic protector securely fastened to the mask). Any catcher's helmet or helmet and mask combination shall have full ear protection (dual ear flaps). Any player warming up a pitcher on the mound, bullpen or elsewhere, shall wear a catcher's mask with a throat protector. It is strongly recommended that only players warm up pitchers during practice or game activities. No other person should warm up a pitcher without a catcher's mask with a throat protector due to the risk of substantial facial injury from deflected balls.

1.91—A player shall not be allowed to play with any type of cast on any part of his body.

1:92—Jewelry shall not be worn except for religious or medical medals. A religious medal must be taped and worn under the uniform. A medical alert must be taped and may be visible.

NOTE: Full manufacturing specifications may be had by contacting the Commissioner. Space limitations prevent complete details of equipment specifications for manufacturing certain pieces of equipment being printed in this rule book.

—DEFINITIONS—

An ELIGIBLE PLAYER is any boy whose name appears on the team's official playing roster, whose date of birth has been verified by the league president or his designate as complying with the rules of this book and whose selection and residency also complies with the rules in this book.

A FORFEITED GAME is a game declared ended by the umpire-in-chief in favor of the offended team by the score of 7 to 0, for violation of the rules.

A LEAGUE is a group of teams, franchised within a common boundary, who play each other in a pre-arranged schedule under local league rules.

A LEGAL SUBSTITUTE is any eligible player on the official playing roster who has not yet officially appeared in the game or a starter who has been withdrawn from the game only one (1) time.

THE MANAGER is the one who supervises a team and whose name appears on the Team Player Registration Form.

(a) The manager shall always be responsible for the team's conduct, observance of the official rules and deference to the umpires.

(b) If a manager leaves the field, that manager shall designate the coach as a substitute and such substitute manager shall have the duties, rights and responsibilities of the manager.

REGULATION GAME. See Rule 4.10.

—3:00—GAME PRELIMINARIES—

3.01—Before the game begins the umpires shall:

(a) Receive from the league a supply of baseballs which meet DBB specifications and standards; The umpire shall be the sole judge of the fitness of the balls to be used in the game;

(b) Be assured by the league that additional balls are immediately available for use if required;

3:03—Any player that is not in the starting line-up can be used as a courtesy

runner for the pitcher or catcher if the player is not participating as a substitute in the game. Note: Rule applies for all levels of play Boys and Majors.

Clarification:

* The same individual may not be used for both positions (pitcher and catcher) during the game.

* The use of a courtesy runner does not constitute player participation/substitution; therefore, the substitution rule remains intact in its entirety.

* Any substitute that is replaced by a starter (substitution rule) can either assume or resume the opportunity to serve as a courtesy runner.

* Should an injury, illness or ejection occur to the courtesy runner, another eligible courtesy runner for the pitcher or catcher may run.

3:03(b)—Substitutions shall be allowed as defined herein: Any of the nine starting players may be withdrawn from the game by being replaced by legal substitutes and then reenter the game one time only. However, he must be inserted in the same place in the batting order that he occupied at the start of the game. Once a substitute has been removed from the game, he cannot return to the game. In the event a manager has used all of his eligible players and a player is injured, becomes ill and cannot continue or is ejected or removed from the game by an umpire, the opposing manager shall select a player from the bench to replace the injured, ill or ejected player. The intent of the substitution rule is to enable a manager to play all of his players. It shall be the responsibility of all DBB Officials (coaches, umpires, official scorer, etc.) to enforce the provisions of this rule and to prevent illegal substitutions from occurring. In the event that an illegal substitution is made, the offending player shall be replaced with a legal substitute upon the discovery of the infraction by the umpire, DBB official, official scorer or either opposing manager. All plays occurring prior to the discovery of the illegal substitution shall be official. An illegal substitution is not to be confused with an ineligible player, an ineligible pitcher or batting out of turn.

3:03 (c)—A relief pitcher who claims injury or illness prior to pitching to his first batter or recording an out, and is removed from the mound, shall not be allowed to return to the game later via substitution.

3.04—LOCAL LEAGUE ONLY: PARTICIPATION/SUBSTITUTION CLAUSE: Every boy present shall play six (6) outs and complete a turn at bat. Penalty for violation shall be determined by local leagues. Once a batting order is established either the starter or his substitute/s will occupy the established position in the batting order. *Under this rule both the starter and the substitute/s may re-enter the game.

3.10—(a) The local league officials shall determine the fitness of the playing

field before the game starts. EXCEPTION: During tournament play, the tournament director shall determine the fitness of the playing field.

3.13—The local league will establish ground rules to be followed by all teams in the league for each playing field. The tournament director will establish ground rules to be followed by all teams in tournament play.

4:10(a) A regulation game consists of seven innings, unless extended because of a tie score, or shortened (1) because the home team needs none of its half of the seventh or only a fraction of it, or (2) because the umpire calls the game.

It is recommended that all local league games shall be seven (7) innings duration. However, it is recognized that, due to field availability or other scheduling conflicts, local leagues may need to place a time limit on games played. Time limits on games in local league play shall be permitted. Time limit supersedes the rule of 4-1/2 or 5 innings played.

LOCAL LEAGUES OPTION: Games shortened by reason of curfew, rain, or others acts of God shall be regulation games provided both teams have batted five times or if the home team has scored more runs in four or four and a fraction-half-inning than the visiting team has scored in five completed half-innings.

4.10(b)—In case the score is tied at the end of seven innings, the game shall go into extra innings. **Beginning with the eighth inning, each extra inning begins with a runner on second. The batter, or substitute, who leads off the inning will be the next batter in the lineup.** If a team is leading its opponent by at least ten (10) runs after five (5) innings have been played, or four and one-half (4-1/2) innings if the home team is ahead by at least ten (10) runs, the game shall be terminated and the team in front declared the winner.

4:10(c)—If a game is called, it is a regulation game:

(1) If five innings have been completed;

(2) If the home team has scored more runs in four or four and a fraction half-innings than the visiting team has scored in five completed half-innings:

4.10(d)—Reserved

4:10(e)—In the event a game is suspended before it becomes a regulation game due to rain, darkness, protest, tie, or any other cause, it must be resumed from the point of termination (or protest) when the game is rescheduled by league officials. A game cannot be called by an umpire until a waiting period of at least thirty (30) minutes has elapsed, unless it is agreed by both managers that the game cannot be completed.

4.15—Playing illegal players if protested by any of the managers participating in the league may result in a forfeit.

4.16—RESERVED.

4.17—A team failing to field at least nine (9) eligible uniformed players within fifteen (15) minutes after the scheduled game time shall forfeit the game. A team shall be allowed to complete a game in the case where sickness, injury or ejection of a player or players after the start of a game in local league play causes a team to have fewer than nine (9) eligible, uniformed players with which to continue. In the case where a team is permitted to continue play with fewer than (9) players, an out shall be registered each time any vacant position in the batting order comes up during the course of the game.

4.18—Forfeited games shall be so recorded in the scorebook and the book signed by the umpire-in-chief. A written report stating the reason for the forfeiture shall be sent to the league president within 24 hours, but failure of the umpire to file this report shall not affect the forfeiture.

4.19—DBB RULES FOR PROTEST.

(a) A protest based on a play which involves an umpire's judgment is not permitted.

(b) When protests are based on an interpretation of the rule, the objecting manager must, at the time the play occurs, notify the head umpire that the game is being played under protest, and submit the protest in writing to the league president or secretary, or to the DECISIONS COMMITTEE, within 48 hours of the completion of the game.

(1) When protests based on the interpretation of a rule are upheld by the DECISIONS COMMITTEE, the game concerned shall be replayed from the point of protest.

(2) Umpire should make a public announcement to the crowd when a game is being played under protest. Umpire shall notify the official scorekeeper and opposing manager of protest.

(c) Any team manager or other adult leader who withdraws a team from the playing field under any circumstances prior to the official completion of the game shall forfeit all rights to protest as prescribed in this section.

(d) The protesting manager on a play situation shall notify the umpire he is protesting before another pitch is made. The umpire shall announce that the game is being played under protest, but failure of the umpire to make this announcement shall not affect the validity of the protest. The protest shall be considered only if it is placed in writing by team manager or acting team manager and submitted to the local league president within forty-eight (48) hours from the completion of the game.

4.20—A protest shall be considered in local league play only if it complies with the above rules and submitted in writing to the league President within

48 hours after the completion of the game in question with the exception of protests involving the playing of ineligible players (see Rule 4.15) and ineligible pitcher (see Rule 8.96). The League President shall give his answer within seven (7) days from the date he received the protests.

NOTE: The local league shall first seek to settle all protests. Appeals carried beyond the local league shall first be brought to the attention of the STATE DIRECTOR, who shall be the ultimate arbiter in all appeals in local league.

NOTE: Appeals must be made in writing within twenty-four (24) hours of the decision with full statements by both managers and the umpire-in-chief or the umpire involved and from the protest authority of the league. A decision in writing from each appeal authority (league, district, state) shall be made a part of the appeal.

6:10—(League & Tournament Play). A hitter may be (not mandatory) designated for any one starting player (not just pitchers) and all subsequent substitutes for that player in the game. A starting defensive player cannot be listed as the designated hitter in the starting lineup. A designated hitter for said player shall be selected prior to the start of the game, and his/her name shall be included on the lineup card presented to the official scorer. Failure to declare a designated hitter prior to the game precludes the use of the designated hitter in that game. If a pinch hitter or pinch runner for the designated hitter is used, that player becomes the new designated hitter. The player who was the designated hitter may re-enter as the designated hitter under the re-entry rule. A designated hitter and the player for whom he is batting are locked into the batting order. No multiple substitutions may be made that will alter the batting rotation. The role of the designated hitter is terminated for the remainder of the game when:

(a) the defensive player, or any previous defensive player for whom the designated hitter batted, subsequently bats, pinch-hits or pinch-runs for the designated hitter; or

(b) the designated hitter or any previous designated hitter assumes a defensive position.

6.90—While on offense, each team is limited to one charged conference per inning to permit the coach or any of that team's personnel to confer with the base runners, the batter, the on-deck batter or other offensive team personnel. The umpire shall deny any subsequent offensive team requests for charged conferences. The intent of this rule is to help eliminate unnecessary delays or intentional "stalling tactics."

8:01 (Regular Season Only.) Players on a regular season team may pitch in any game during the regular season subject to the following limitations. (30/40 HOUR RULE)

NOTE: *An innings rule is added. For the purpose of satisfying the requirement of Rule 8:90 (Regular Season Only) the throwing of one pitch in any inning constitutes having pitched a complete inning.

8:90—A pitcher shall not be allowed to pitch in more than eight (8) innings in any one calendar week.

8:90DB: A pitcher shall not throw more than 95 pitches in the same game or on the same day.

8:90DM: A pitcher shall not throw more than 105 pitches in the same game or on the same day. Exception DB/DM: If the pitcher reaches the pitch count limit while facing a batter, he may continue to pitch until the batter reaches base safely or is put out.

8.91—A pitcher is charged with the number of pitches hurled, as well as the innings pitched in a specific calendar week, regardless of whether they are local league games, the resumption of suspended games, exhibition games, or games ruled “no contest” due to being called. A calendar week is from 12:01 a.m. Monday to 12:00 midnight the following Sunday.

8.92—If a game is interrupted for any reason before becoming official, and is suspended, the same pitcher may continue when play is resumed, provided he is eligible by the rest rule and has not used up his total allotted innings per calendar week. League officials should consider the (30/40) hour rest period when rescheduling the completion of a suspended game.

NOTE: Innings pitched in the suspended and resumed portions of a suspended game shall not be added in order to disqualify a player from pitching.

8.93—Entering the ball game as a pitcher shall constitute having pitched one inning.

8.94—The intent of Rules 8.90-8.96 is to help prevent arm injuries and to eliminate the possibility of a team winning a league championship using only one pitcher. These rules will also force a manager to develop other boys' pitching talents.

(a) A pitcher after throwing more than 60 pitches in one game or on the same day shall have a minimum of forty (40) hours rest before becoming eligible to pitch in another game. The rest period begins when pitcher leaves the mound.

(b) A pitcher after having thrown more than 30 but less than 61 pitches in the same game or on the same day shall have a minimum of thirty (30) hours rest before becoming eligible to pitch in another game. The rest period shall begin when pitcher leaves the mound.

8.95—A manager shall be allowed to change pitchers in local league play as many times as is desired as long as the Substitution Rule (3.03) is not violated. Any pitcher being replaced on the mound by another pitcher cannot return to the mound.

8.96—No game will be forfeited because of the violation of one of the DBB or Majors pitching rules because it is the manager's responsibility to both know the DBB and Majors pitching rules and to ascertain the eligibility of opposing pitchers prior to each of his team's games. If, however, an ineligible pitcher is used during the course of a game, he shall, upon discovery, be immediately replaced on the mound by an eligible pitcher and all plays occurring while the ineligible pitcher was on the mound shall become "official". The ineligible pitcher will further be ineligible from pitching in the team's next game that he would have been eligible to pitch in. The manager will be ineligible to participate in the team's next game. A forfeit shall not be considered to be a game in determining the next game that a pitcher would be eligible to pitch in or a manager to coach in. The discovery of an ineligible pitcher may be made and the aforementioned penalty imposed up to one-half (1/2) hour prior to the scheduled time of his team's next game.

NOTE: For the purpose of determining violation of DBB and Majors pitching rules, an ineligible pitcher shall violate one of the rules only when he throws a pitch to a batter in an inning or performs any defensive act, not when he takes his warm-up pitches from the pitching rubber. Commissioners' Note: An eligible pitcher must pitch till the first batter reaches first base or is retired.

8.99—The starting pitcher will be credited with a win when he has pitched three (3) innings and his team is in the lead the remainder of the game. All other credit remains the same as outlined as official scoring within a game.

— 9.00 — THE UMPIRE —

9.01—(a) The league president shall appoint one or more umpires to officiate at each league game. The umpires shall be responsible for the conduct of the game in accordance with these official rules and for maintaining discipline and order on the playing field during the game.

(b) Each umpire is the representative of the league and of DBB., and is authorized and required to enforce all of these rules. Each umpire has author-

ity to order a player, coach, manager or league officer to do or refrain from doing anything which affects the administration of these rules and to enforce the prescribed penalties.

(c)—The umpire has the authority to “disqualify any player, coach, manager or substitute for objections to decisions or for unsportsmanlike conduct or language, and to eject such disqualified person from the playing field” or dugout.

NOTE: Some acts will obviously be judgment calls by an umpire; however, he should take great care in determining the intent of a player committing one of the above acts. An umpire shall call a player out for maliciously running into a fielder. An umpire may also call a player out for other unsportsmanlike conduct; and, if such conduct occurs while play is in progress, the disqualification shall not take effect until no further action is possible in that play. The intent of this rule is to protect those players participating in the DBB PROGRAM from injury. An ejection; resulting in a player being removed from the premises, requires the disqualified player be accompanied by an adult.

(c) After receiving the umpire’s report that a manager, coach or player has been disqualified, the league president shall require such manager, coach or player to explain his conduct. In the case of a player, the manager shall appear with the player as an advisor. The local league shall impose such penalty as they feel is justified.

(d) Reserved for General instructions to umpires.

9.90—The umpire shall share in the responsibility, along with opposing coaches, DBB Officials, and the official scorer, of identifying illegal substitutions (as outlined in Rule 3.03 of this book) and preventing their occurrence.

It is a policy of DBB/Majors Baseball that all official games require umpires to be registered with the organization for the current season; including local league play!

DBB Code of Conduct for Players, Parents, Spectators & Coaches

DBB, Inc. reserves the right to impose penalties, including, without limitation, game suspensions, dismissal, suspension or revocation of a franchise for serious or repeated violation of the Code of Conduct or other conduct deemed to be harmful to the organization.

Visit our website at: www.dbbusa.org to view the document.

TOURNAMENT RULES

Rules and Regulations for Tournament Play are governed by the current year playing rules of the National Federation of High Schools and the Rules and Regulations contained in a tournament guideline manual. Copies of the tournament manual are available through the Commissioner's Office. Tournament play can be conducted using double elimination play, round robin or pool play. Pitching rules for each level of play are to be enforced as found in the tournament rules, with no exceptions.

The Tournament Director and the umpire-in-chief shall review all tournament rules with all managers (preferably at the pre-tournament credentials check) to ensure the meaning and/or intent of each rule listed herein. If for any reason, any rule is added, deleted or changed by the Commissioner of DBB and not included in this book, the Tournament Director will obtain and distribute copies of said rules to all managers before the tournament begins. Any rule change shall apply to Boys, Majors, and 15U unless suffixed with a "DB" for Boys or a "DM" for Majors.

—TEAMS— TOURNAMENT RULES

0.21DB DBB Boys tournament rosters may include up to fifteen (15) players of eligible league age. After the tournament begins, a player may be replaced for a legitimate reason only. The team's league president must send a letter for approval showing why the player was replaced, to the State Director with a copy to the District Director. A copy of this letter must accompany the team's credentials throughout tournament play. Only fifteen (15) players, and four (4) coaches, shall be permitted on the field or bench. Only two (2) coaches shall be allowed on the playing field at any time during the game. (Under this rule no mascots, animals or human, will be permitted on the field or bench.)

0.21DM Majors, Pre-Majors and 15U Division tournament rosters may include up to eighteen (18) players of eligible league age. After the tournament begins, a player may be replaced for a legitimate reason only. The team's league president must send letter for approval showing why the player was replaced, to the State Director with a copy to the District Director. A copy of this letter must accom-

pany the team's credentials throughout play. Only eighteen (18) players, and four (4) coaches, shall be permitted on the field or bench. Only two (2) coaches shall be allowed on the playing field at any time during the game. (Under this rule no mascots, animals or human, will be permitted on the field or bench.)

0.22 At each league's option, tournament teams entering the 13/14-year-old tournaments may be composed of whatever combination of eligible league aged players as the league desires; e.g., team may be composed entirely of 14-year-old players or any combination of 13/14-year-old players. Teams entering the Junior Boys (13-year old) tournaments must be composed entirely of 13-year-old players.

0.23 Any player chosen for a tournament team may only participate on that team and will not be eligible for participation on any other tournament team with the exception of 15U baseball. Under no circumstances can a player be listed on more than one Junior Boys, Boys, Pre-Majors or Majors tournament team during the same year. A player is allowed to play with a second tournament team if one of those teams is 15U.

0.24 Each league president shall certify the dates of birth of players by birth certificates presented to him upon the player's selection to the tournament team. Each league president shall provide an affidavit as to the eligibility of the players on the tournament team representing his league. The name of the player shall be listed on the "Eligibility Affidavit" exactly as it is shown on the birth record used (For example: John William Jones not Johnny Jones).

A copy of the tournament team affidavit shall be mailed to the Commissioner's mailing address immediately following approval by the Credentials Committee. Other copies must be sent to the District Director and State Director at the same time. Another certified copy shall be provided to the manager of the tournament team by the local league president. Once this "Eligibility Affidavit" has been placed on file in the Headquarters of DBB no change can be made on the tournament team roster for any reason whatsoever except as stated in 0.21DB/DM.

0.25 Tournament team managers shall have for each player proper birth records as defined in their rules. Required records shall be presented to a credentials committee, appointed by the tournament director, before each tournament begins or upon request of an opposing team manager or league official to verify names on the "Eligibility Affidavit." These certificates must be available for examination before each district or state tournament and are in addition to the "Eligibility Affidavit" filed with the headquarters of DBB. Any protest involving player eligibility must be made at the Credentials meeting.

—SELECTION OF PLAYERS AND COACHES— TOURNAMENT RULES

0.45 All players on the tournament team roster will be selected in whatever manner the league chooses, however, each player selected shall have played in a least one-half (1/2) of a team's games. Upon written request from a league, State Director may lower this requirement to participation in one-third (1/3) of a team's games for a player or players who are engaged in a state high school baseball tournament until scholastic competition is completed, or if a player or players are injured or sick. A doctor's certificate and notarized statement of condition must accompany written request.

0.46 Tournament team players who will appear in tournament competition should be announced at the conclusion of the regular season.

0.47 No tournament team may begin practice prior to the conclusion of the regular season.

0.48 Host teams shall not participate in any tournament in any level of tournament play below that in which they act as host. As a matter of interpretation, however, a host is not a host until selected.

0.49 Only managers, assistant managers or coaches during the regular league season shall be eligible to manage or coach a tournament team, and they shall be registered on their regular season team player rosters as filed with the district and State Directors. The State Director shall be empowered to grant exceptions to this rule.

0.50 Failure of any franchised team to Host or advance in tournament play, after entering tournament play and/or securing the right to Host or advance could result in revocation of franchise rights and/or payment to reimburse any expenses incurred as the result of the leagues failure to adhere to this rule.

—OBJECTIVES OF THE GAME— TOURNAMENT RULES

1.04 Only regulation Boys and Majors playing fields as described in the "Official Playing Rules" for Boys and Majors Baseball will be considered as sites for tournament competition. The only exception to this rule is in tournament competition where leagues, by mutual agreement, decide upon a playing field in order to reduce travel problems. In any such case approval must be given by Tournament Director or his representative.

1.09 Baseballs used in tournament competition shall meet all specifications listed in the "Official Baseball Rules" and bear the signature of the Commissioner.

1:09(b) **The BSN-MACGREGOR #78 is the “Official DBB Tournament Baseball” and must be used for all levels of tournament competition.** Baseballs used in tournament competition shall meet all specifications listed in the “Official Baseball Rules” and bear the signature of the Commissioner. Tournament play is defined as a sub-district, zone, region, district, state or World Series competition.

1.11 It is mandatory that all players participating in tournament play be attired in matching baseball uniforms composed of shirt with numbers, pants, cap, socks, and baseball shoes. Managers and coaches must wear apparel in accordance with the rules. See the requirements below. It is permissible for a coach to wear a coaching shell as long as the matching jersey is underneath the shell. (Coaches may wear “Approved Coaching Shoes”). All uniforms (players, coaches, and managers) shall have the DBB emblem permanently attached on the left arm of their shirt. All emblems must be obtained from the Commissioner or his designate. Any player or manager who fails to comply with this rule shall not be allowed to participate in a tournament game either on the playing field or from the dugout.

1:11 (DB & 15U Division) Managers and coaches in Jr. Boys, Boys and 15U may opt to wear khaki shorts (knee-length) or long pants and must wear a matching jersey with or without a number. Apparel for manager and all coaches must match. **Cargo shorts are not allowed. A manager or coach in violation of the apparel rule will be restricted to the dugout for the duration of the game.**

1.11 (DM ONLY) Managers and coaches in Pre-Majors and Majors divisions must wear a complete baseball uniform to include a matching jersey with or without a number.

1.11(a) Junior Boys, Boys, 15U Division, Pre-Majors and Majors players will be allowed to wear baseball shoes with metal cleats.

1.16DB It is mandatory that batters and base runners wear helmets that carry the NOCSAE Stamp of Approval. Use of a facial protection device is optional for both local league and tournament play. If a facial protection device is used it must provide full face coverage which will include, but not be limited to, protection for the eyes, nose, mouth and teeth, jaws and cheekbones, and forehead and temple area. The unit should be able to stand up to an impact of up to 100 mph.

1.16DM It is mandatory that batters and base runners wear helmets that carry the NOCSAE Stamp of Approval.

—STARTING AND ENDING THE GAME—

TOURNAMENT RULES

4.10 All tournament games shall be seven (7) innings duration except:

(1) In case of a tie score at the end of seven innings, the game shall continue into extra innings until the game is decided. **Beginning with the eighth inning, each extra inning begins with a runner on second. The batter, or substitute, who leads off the inning will be the next batter in the lineup.**

(2) The following run rules will apply for all levels of tournament play!

(a) If a team is leading its opponent by at least fifteen (15) runs after three (3) innings have been played, or two and one-half (2-1/2) innings if the home team is ahead by at least fifteen (15) runs the game shall be terminated and the team in front declared the winner. **FIFTEEN RUN RULE**

(b) If a team is leading its opponent by at least twelve (12) runs after four (4) innings have been played, or three and one-half (3-1/2) innings if the home team is ahead by at least twelve (12) runs the game shall be terminated and the team in front declared the winner. **TWELVE RUN RULE**

(c) If a team is leading its opponent by at least ten (10) runs after five (5) innings have been played, or four and one-half (4-1/2) innings if the home team is ahead by at least ten (10) runs the game shall be terminated and the team in front declared the winner. **TEN RUN RULE**

(3) In the event a game is suspended before seven (7) innings have been completed, due to rain, protest or any other reason, it must be resumed from the point of termination when the game is rescheduled. In completing suspended games, play shall be resumed with the same lineup, as nearly as possible. Innings pitched in suspended games are charged against the pitcher's tournament innings allowance. In completing the game, all pitching limitations must be complied with. (See Tournament Pitching Rule 8.92 for further discussion.)

(4) Should any tournament be forced to end due to conditions beyond the control of the Tournament Director, a winner will be determined as follows:

- a. Head to head competition.
- b. By won/loss percentage.
- c. A tiebreaker if (a) or (b) does not determine a winner will be by reason of the fewest runs allowed per game.
- d. Another tiebreaker is the most runs scored per game (total for all games played).
- e. Last tiebreaker is a flip of the coin between teams remaining.

4.17 A game shall be forfeited to the opposing team in tournament play

when a team is unable or refuses to place nine players on the field. In the event a manager has used all of his eligible players (substitutions) and a player is injured, becomes ill, and cannot continue or ejected or removed from the game by an umpire, the opposing coach shall select a player from the bench as long as players are available to participate.

4.19 The Tournament Director or his representative shall appoint a protest committee of three members for each tournament game; protest committee appointments shall be made prior to the start of each day's play. He should ensure that the members of each protest committee shall be in attendance at the game, knowledgeable of baseball rules and impartial to either team playing in the game. No parents of any boy participating in the game or individuals directly affiliated with either team (such as league officer or coach of a team in the league of one of the two competing teams) shall be allowed to be a member of the protest committee. If a situation arises where impartial persons are not available, a tournament director may appoint one individual affiliated with each participating team to form a protest committee. When a manager claims that umpire's decision or any other tournament condition is in violation of the rules, he shall notify the umpire that the game is being protested. In this case the umpire must in turn notify the opposing manager and scorekeeper. The protest committee shall at once call a conference of all members, umpires and opposing managers. The committee shall render a majority decision before play is ordered resumed, based on information received from the umpires, managers and the committee's own observation of the play or situation in question. The decision shall be final. In case of a protest arising from a game-ending play, the protest must be lodged immediately. Any DBB Director who, while a member of a protest committee at a tournament game, violates the provisions of the rule or renders a decision on a protest which is in "DIRECT CONFLICT" with the "Tournament Rules" or "Official Playing Rules" for DBB, may be relieved of his duties as Director of DBB.

4.20 All protests based on ineligibility of a player shall be filed with the tournament director at the Credentials Committee meeting. Upon discovery, the Tournament Director has the authority at any time to remove an ineligible player. All actions occurring up to the point of discovery will be deemed legal. If, in the opinion of the tournament director, there is any willful violation of eligibility rules, and for good cause shown, the tournament director will disqualify the team from further tournament play.

— THE PITCHER —

TOURNAMENT RULES

8:01 (Tournament Play Only) The following pitching rules apply to tournament play only. (30/40 HOUR RULE)

8:90DB: All players on the tournament team are eligible to pitch subject to pitch count limitations. A pitcher shall not throw more than 95 pitches in the same game or on the same day.

8:90DM-15U: All players on the tournament team are eligible to pitch subject to pitch count limitations. A pitcher shall not throw more than 105 pitches in the same game or on the same day.

Exception DB/DM: If the pitcher reaches the pitch count limit while facing a batter, he may continue to pitch until the batter reaches base safely or is put out.

8:91 Pitches thrown in one tournament will affect the status of a pitcher in a succeeding tournament only if proper time (30/40 hours) has not elapsed. Specifically, if a pitcher hurls in excess of the pitch limitations, he must have either (30/40) hours of rest before he is eligible to pitch again, even if the next game is another tournament.

8:92 If a tournament game is interrupted for any reason before becoming official, and is suspended, the same pitcher may continue when play is resumed. Not to conflict with the number of pitches thrown in the same game or on the same day. A suspended game must be concluded before the next scheduled tournament game; therefore all pitching rules will remain the same as any other scheduled tournament game.

8:93 Names of each pitcher actually appearing in the games shall be placed on the back of the manager's copy of the Tournament Eligibility Affidavit along with the number of innings pitched and pitches thrown during his time on the mound. This record shall be signed by one of the following; the official scorer, the tournament director or his representative.

8:94 PITCH COUNT RESTRICTIONS - (30/40 Hour Rest Rules)

(a) A pitcher after having thrown more than 45 pitches but less than 76 pitches in the same game shall have a minimum of thirty (30) hours rest before becoming eligible to pitch in another game. A pitcher having thrown in excess of 75 pitches in a game is subject to a forty (40) hours rest period. The rest period begins when the pitcher leaves the mound.

(b) A pitcher may pitch in two games on the same day provided he throws less than 46 pitches in the first game and does not throw more than total pitches as allowed (8.90). A pitcher who throws more than 45 pitches but less than 76 pitches is subject to a 30 hour rest rule. A pitcher after having thrown more than

45 pitches in the same game or a cumulative total that exceeds 45 pitches on the same day shall be governed by the rest rule.

(c) A pitcher after having pitched two consecutive days must have one day of complete rest even if he were to remain eligible under any other section of the tournament pitching rules.

8.95 A manager shall be allowed to change pitchers in tournament play as many times as is desired as long as the Substitution Rule (3.03 in these Tournament Rules) is not violated. Any pitcher being replaced on the mound by another pitcher cannot return to the mound.

8.96 No game will be forfeited because of the violation of one of the DBB pitching rules because it is the manager's responsibility to both know the DBB pitching rules and to ascertain the eligibility of opposing pitchers prior to each of his team's games. If, however, an ineligible pitcher is used during the course of a game, he shall, upon discovery, be immediately replaced on the mound by an eligible pitcher and all plays occurring while the ineligible pitcher was on the mound shall become "official." The ineligible pitcher will further be ineligible from pitching in the team's next game that he would have been eligible to pitch in. The manager will be ineligible to participate in the team's next game. A bye or forfeit shall not be considered to be a game in determining the next game that a pitcher would have been eligible to pitch in or a manager to coach in. The discovery of an ineligible pitcher may be made and the aforementioned penalty imposed up to one-half (1/2) hour prior to the scheduled time of his team's next game.

NOTE: For the purpose of determining violation of DBB pitching rules, an ineligible pitcher shall violate one of the rules only when he throws a pitch to a batter in an inning or performs any defensive act, not when he takes his warm-up pitches from the pitching rubber.

Commissioner's clarification: Any ELIGIBLE pitcher must pitch to a batter until he reaches first base or is retired.

— LEAGUE ELIGIBILITY — TOURNAMENT RULES

11.10 To be eligible for tournament competition, a league must have:

(1) Filed the franchise application form, paid the team fee and met all other membership regulations as set forth in the "Rules and Regulations" for DBB Leagues.

(2) Filed the tournament affidavit form to the credentials committee and Commissioner's office.

(3) Documentary evidence of insurance, preferably in the form of a certificate of insurance, must be carried to all tournament games in the event a team

member needs medical attention. Specific insurance requirements are as follows: Tournament Host and Team Insurance for Sanctioned Tournaments—all teams participating in sanctioned DBB tournaments must provide evidence of the following insurance coverage:

(1) Excess Accident - The tournament host and each tournament team must be covered by an Excess Accident policy with a Medical Limit of at least \$50,000. For the tournament host, coverage must be provided for all umpires, scorekeepers, employees and volunteers. It is not acceptable for a parent to provide individual evidence for his or her child playing on a team, and

(2) General Liability - The tournament host and each tournament team must be covered by a General Liability policy with an “each occurrence” limit of at least \$1,000,000 combined single limits for “bodily injury” and “property damage.” Such policy may not provide “claims made” coverage and may not have an exclusion for lawsuits arising out of injuries to athletic participants.

(3) If the tournament host or team does not purchase its General Liability Insurance through the approved DBB insurance program (see rule book advertisement), it is required that the team’s General Liability policy name DBB as an “additional insured.”

(4) A medical release form for each player bearing the signature of the player’s parent or legal guardian, shall be carried to all tournament games.

— TEAM ELIGIBILITY — **TOURNAMENT RULES**

12.10 At each league’s option, tournament teams may be composed as follows:

(1) Junior Boys—13-year-old tournament teams—entirely of league age 13-year old players.

(2) Boys—Entirely of league age 14-year-old players or any combination 13- and 14-year-old players.

(3) 15U Division – Entirely of league age 15-year-old or any combination of 15-, 14- and 13 year old players.

(4) Pre-Majors—Entirely of league age 17-year-old or any combination of 15-, 16- and 17 year-old players.

(5) Majors—Entirely of league age 19-year-old players or any combination of 15-, 16-, 17-, 18- and 19-year-old players.

12.11DB Only 15 players, one manager, and three coaches will be permitted on the field or bench.

12.11DM Only 18 players, one manager, and three coaches will be permitted on the field or bench.

—LEAGUE PLAYERS— TOURNAMENT RULES

13.10 Tournament players must:

- (1) Be of proper age, as stated in these rules.
- (2) Reside within the boundaries of the league represented by the tournament team, unless exempt by the rules.
- (3) All DBB players may participate in other amateur baseball programs, subject to local league approval. It is important that dual participation will not in any way interfere with a player's responsibility to DBB. No player, under any circumstances, shall be permitted to play on another amateur team during DBB tournament play. A player is allowed to play with another amateur team between DBB tournaments, should their all-star team advance. Clarification of Commissioner: A team is considered as being actively involved in DBB tournament play at the time of the first pitch of the tournament of which the team is entered (i.e. district, regional, zone, state, World Series). Prior to any player or team participating in any play outside of DBB., it is advisable to first consult with the appropriate DBB State Director. Failure to adhere to the rule will result in a player or a team being declared ineligible for further tournament participation.
- (4) Comply with the rules and regulations of league and tournament play.

—JURISDICTION— TOURNAMENT RULES

14.10 Tournament Jurisdiction-

- (1) All sub-district and district tournaments shall be under the jurisdiction of the District Director. Tournament Directors may be appointed by the District Directors, however, they remain under the jurisdiction of the District Director. District Director has the authority for conducting all aspects of tournament play, including the discipline of players, coaches, and managers for unsportsmanlike conduct.
- (2) All zone, region, state tournaments shall be under the jurisdiction of the State Director. Tournament directors may be appointed by the State Director; however, they remain under the jurisdiction of the State Director. State Director has the authority for conducting all aspects of tournament play, including the discipline of players, coaches and managers for unsportsmanlike conduct. An ejection; resulting in a player being removed from the premises, requires the disqualified player be accompanied by an adult.

Note: Special regulations are established for World Series competition. Such regulations are issued through Special Bulletins prior to state tournament competition.

15.00 All artificial noisemakers (manufactured or homemade) shall be banned at all tournament games.

For Field Specification Information and/or Diagrams, please contact the Commissioner's Office as found in the Directory or DBB Website.

15U BASEBALL PROGRAM TO INCLUDE A 2024-2025 WORLD SERIES

Local league play, invitational tournaments and a 15U World Series will be conducted in 2024-2025 for those participants desiring to play in the 15U program. A league makes application for franchise and submits fees to the DBB National Office at PO Box 8263, Dothan, Alabama 36304.

Rosters are submitted with players being allowed to appear on a 15U roster as well as an age appropriate DBB roster and tournament affidavit. The 15U Division will not conflict with participation in other programs. A 15U program guide will be available from state officials and information will also be posted on the organization website at www.dbbusa.org.

DBB Child Protection Plan (A child abuse/molestation risk management plan.)

In 2018, Congress enacted a new Federal law (Public Law 115-126) which establishes a nationwide standard “duty to report” suspected child abuse. The “Protecting Young Victims from Sexual Abuse and Safe Sport Authorization Act of 2017” (“Safe Sport Act”) mandates that all amateur sports organizations, which participate in an interstate or international amateur athletic competition and whose membership includes any adult who is in regular contact with an amateur athlete who is a minor must report suspected child abuse, including sexual abuse, within 24 hours to law enforcement.

The Safe Sport Act subjects all DBB franchised leagues to the provisions of this federal law because each league has adults working with youth who are in repetitive contact with minor athletes.

(A) Child abuse/molestation can take many forms including verbal abuse, physical abuse, emotional abuse, and sexual abuse. Any form of child abuse/molestation is contemptable and goes against the policies and mission of DBB.

(B) DBB is committed to addressing concerns over child abuse/molestation by informing and educating its affiliated leagues on this risk by providing the DBB Child Protection Plan (a child abuse/molestation risk management plan) for adoption by all DBB leagues. This plan may significantly lessen but not totally eliminate the chance of an occurrence. Failure to implement the DBB Child Protection Plan or a similar comprehensive plan may expose leagues and its officials, volunteers and other representatives to significant legal liability.

(C) DBB requires that all franchised leagues adopt and implement the DBB Child Protection Plan or a similar comprehensive child abuse/molestation risk management plan. The league may download the DBB Child Protection Plan from the DBB website at www.dixie.org/boys for adoption by the league or its sponsoring organization.

(D) DBB has no operational control over league security including the selection of volunteers associated with independent leagues which affiliate with its program. Therefore, it is the sole responsibility of the independent leagues to act by adopting and implementing the DBB Child Protection Plan or a similar comprehensive child abuse/molestation risk management plan.

(E) Any plan adopted by a league and/or its sponsoring organization must include a provision for conducting criminal background checks which searches the National Criminal Database and the National Sex Offender Registry in all 50 states (not limited to just sexual offender records) from state and county databases on all managers, coaches and other authorized adult participants in the league who have repetitive access to and close contact with minor athletes.

(F) Due to the fact DBB has no operational control over league security including the selection of local league volunteers, each franchised league shall be required to indemnify and hold harmless DBB against all legal actions based on child abuse/molestation allegations arising from any team, league, tournament or other activities of such league.

DBB NATIONAL UMPIRE PROGRAM

The National Umpire certification program created in 1995 has greatly improved the overall quality of umpiring. National Federation of High School playing rules are used in most instances with a few exceptions as found in the DBB Rule Book. Umpires are tested on knowledge of the game and based on experience and the recommendation of DBB officials, a good number that start with local programs advance to various levels of tournament play. The primary emphasis of any umpire program should be to provide quality umpiring at the local level. Umpires also have the unique opportunity to showcase skills at district, state and World Series tournaments.

Becoming an umpire in a DBB program is really simple. Contact should be made with an umpire association or the league in the local area. Each local league has complete autonomy in choosing officials that will work their program. DBB supports the local program by providing a District & State Umpire in Chief. The Umpire in Chief conducts clinics, provides certification materials and administers the state program. Successful completion of the certification programs allows an umpire to become registered with DBB.

Anyone interested in further information regarding the umpire program can contact a State Umpire in Chief. A current listing of representatives from each state are found at the DBB website at www.dbbusa.org.

The National Umpire Program can be contacted for more details:

TOURNAMENT TEAM OPPORTUNITY AVAILABLE IN 2024-2025

Tournament Team Franchise Form Available Upon Request!

A growing number of community-based local leagues are playing other local leagues through an interlocking schedule to make a league viable and more enjoyable. Each local league/community must franchise separately and pay for a minimum of two teams before participating within an interlocking league. DBB remains fully committed to ensuring all youth have opportunities to take part in league play!

Recognizing that some of the smaller leagues are at a competitive disadvantage, DBB has developed a policy that further accommodates leagues that participate in the program through interlocking schedules. A separate tournament team could be formed from all players that participated in a current year through an interlocking league. Furthermore, (based on established criteria) a boundary as defined by: (district, county, parish, school, region, etc.) will have added tournament privileges. Players located within a defined boundary as established by the state director (district, parish, etc.) would be eligible to play together on a single tournament team. The added tournament participation clause compliments the local league structure by allowing more youth the opportunity to compete in tournament play. Local leagues will retain their rights to their tournament privileges (two events per division) with no changes!

A “**Tournament Team Franchise**” designation requirement includes filing an application form with the DBB National Office. Upon approval of the state director and the Commissioner, the national office issues a tournament franchise number. The absolute deadline to apply for a tournament team franchise is June 15th. Tournament teams must also submit a non-refundable franchise fee of \$300. All franchised tournament teams must adhere to the requirements as found in the tournament rules as well as the policies of DBB.

Contact your State Director for further details!

DBB ALUMNI PROGRAM

The DBB Alumni program was created to identify those that have provided a substantial commitment of time and resources to the organization. Alumni, through their generous financial donations, help support the continuation of a very successful scholarship program and many other worthwhile endeavors. Equally important, the alumni members provide an additional support structure and voice for DBB.

The Alumni Program is open to anyone that has a desire to further the mission of the organization. Former players, coaches, league officials, parents, sponsors and other program supporters are encouraged to become involved. The \$25.00 membership fee is tax-deductible as part of the organization's 501c-3 status. Additional contributions are also accepted to help fund the DBB National Scholarship program. Membership applications can be obtained by visiting the website at www.dbbusa.org.

Completed applications, fees and other contributions should be mailed to:

Commissioner's Office, PO Box 604; Dequincy, Louisiana 70633.
