

## Huffman Sports Association- Baseball & Softball 2024 Sponsor Packet

Thank you for your interest in supporting Huffman Sports Association for the upcoming 2024 season! HSA is committed to providing an outstanding atmosphere and excellent facilities for the children of our community. Baseball & Softball are important sports for the community that help teach kids hard work, dedication, team building and leadership among other great qualities. Over the years, we have seen players go on to play at higher levels as well as become important figures in the community. The board, volunteers, families, and previous sponsors have been a vital part of their opportunities to be successful.

HSA is a non-profit organization that needs support from potential sponsors like you to help with repairs, maintenance, upgrades, and additions to the facility. As a non-profit, your sponsorship is completely tax deductible. We will help you directly market your business to the families and members of HSA to help your business grow. Typically, we have over 700 players and families each year that participate in our league. Based on this number of players, your business could receive over 7,000 impressions per week. This is a huge opportunity to grow your business and a win-win situation!

Included in this packet are the sponsorship levels and packages that have been formulated to support HSA in our mission to provide the best experience possible to the children of our community. Please review these opportunities and we hope to earn your support! Thank you for your time and consideration!
